CNAS Instructional Technology Support Newsletter

Upgrade Day for Computer Services – May 22, 2021

On Saturday, May 22, 2021, Computer Services will be upgrading and performing maintenance on several systems that will affect all users. At various times during the day, different systems will be down/unavailable. Systems affected will be Internet for the campus, all servers in the Cheek Hall Computing Center, and wireless networks. Some systems that will not be affected include: MSU homepage, Blackboard, Office 365, email services, video surveillance systems, and electronic door access systems. For more details, including the schedule of downtimes, see [Information Services Notifications and Outages (missouristate.edu)](missouristate.edu).

Banner Maintenance – Memorial Day weekend

Many Banner applications will undergo maintenance over the Memorial Day weekend. They will be unavailable or might work but with limited functionality. Applications that will be affected:

- ADG - This application is used to direct people to the Transfer Orientation vendor product.
- FindAColumn
- Work Study Waitlist
- Bear Connection
- Gift Receipts
- Student/Staff/Survey Elections
- BearPAF
- iGrades
- General Ledger Control
- Waste Submittal Form
