Reason for Proposed Change or Deletion

Grading: This course primarily teaches resume-writing and job-search skills; neither topic lends itself well to traditional grading.

Periodicity: This course needs to be taught every semester, because the Senior Assessment Exam administered as part of this course needs to be taken during the students’ final semester in our program. Offering the course in the first block of each semester will allow the students to use the resume-writing skills taught in this course to start their search for their first post-graduation job several weeks prior to graduation.

How Did You Determine the Need For This Change or Deletion?

Feedback from former students.
